

SDDC-PP Advisory 15-0103

Date: 9 June 2015

From: AMSSD-PP Scott AFB, IL 62225

To: Military Service Headquarters, DoD Approved Transportation Service Providers (TSPs)

Subject: UPDATE - Intrastate Requalification Announcement

1. The Surface Deployment and Distribution Command's (SDDC) Personal Property Directorate announced "Intrastate Requalification" on 15 May 2015 in advisory 15-0093. The timeline below clarifies that in addition to the requested data, we continue to welcome comments on the planned requalification.
2. This planned Intrastate requalification applies to all currently approved Intrastate TSPs. The data required for our planned requalification is listed in paragraph #7 of this message. Currently approved intrastate TSPs must send documentation to Quality Assurance at army.sddc.safb.ppqual@mail.mil or via FAX to 618-220-5258 to meet the new requirements for each state not later than 9 July 2015.
3. TSPs who are currently approved for the intrastate market and meet the criteria listed in paragraph #7 below may also request approval for the additional states of Iowa, Rhode Island, Vermont, Kansas, and West Virginia.
4. Any additional information requested by SDDC upon completion of the review must be received within five (5) business days. SDDC's prescreening decisions are projected to be sent via email no later than 30 Sep 2015. SDDC will only respond to and accept appeals from those currently approved intrastate TSPs who submitted documentation for the new intrastate requirements.
5. In accordance with the Defense Personal Property Program (DP3) Domestic 400NG-2015 Tariff, Item 8, paragraph 1, SDDC will remove intrastate approvals for TSPs who have not filed rates for two consecutive rate cycles in those states. Removal of authority has been enforced in previous years, and TSPs who filed rates but were rejected due to the competitive range will be exempt from such removal.
6. Intrastate Requalification is scheduled to occur as follows:
 - a. 15 May - 9 Jul TSPs send intrastate documentation and request for additional states and comments on intrastate requalification
 - b. 9 Jul - 31 Aug Review documentation/comments from the currently approved Intrastate TSPs
 - c. 1 Sep - 30 Sep SDDC will send acceptance/rejection email to TSPs
 - d. 1 - 30 Oct SDDC will process appeals
7. Data needed for intrastate requalification for the 15-May-2016 – 14 May 2017 rate cycle is listed below. We request TSPs use the spreadsheet provided with this message to provide responses.
 - a. Provide evidence of DoD warehouse approval (e.g. SIT Facility ID) in the state. Exceptions will be considered for TSPs with a DoD approved warehouse in a bordering state.
 - b. Proof of vehicle ownership (copy of title or vehicle registration), clearly identifying the name of the owner. Include the year, make, and vehicle identification number (VIN).

Note: Photographs of vehicles and trailers used for intrastate movement are no longer required
8. This data will be used to conduct our formal intrastate requalification during the timeframes listed in this message. TSPs who believe they meet the requirements above and wish to participate should submit packages with any associated information, which will be fully considered. All intrastate

approvals will be based on the combination of information provided by the TSP, information already on file, and consideration using SDDCs discretion of volume, need for capacity and location of nearest TSPs to the areas in need of service.

9. Email functional questions and concerns regarding this advisory to army.sddc.safb.ppqual@mail.mil or contact 618-220-5775 or 220-6789.

10. This message was approved for release by Mr. Daniel Martinez, Chief, Quality Assurance Division, HQ SDDC.
